

EXTENSIBLE STEERING WHEEL ULDPE COVER + SET GEAR/HANDBRAKE LDPE COVER

STRETCH[®]
ULTRA
ULDPE 28 MICRON

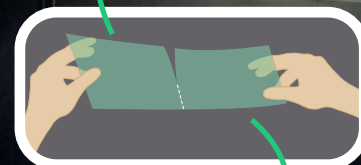

BOX WITH
400
COVERS

ERGONOMIC

RESISTANT

USEFUL

VERSATILE

We are pleased to present the new extensible steering wheel cover **STRETCH ULTRA** in **ultra low density** green polyethylene (ULDPE).

Thanks to its resistive capacity it can be extended and adapted to **all dimensions of steering wheels** without any risk of break. The **application** is **simple** and very quick as well as its removal once the work inside the car is finished.

Waterproof, prevents contamination by pathogens compared to TNT covers for a complete protection.

The box contains **400 ULDPE extensibles wheel covers** and **400 set LDPE lever covers** (for the gear shift and the handbrake).
